LUCKY CAT SITTERS

## HELLO, I'M JULIE...

**Hello my name is Julie Thompsett and I have been a cat lover for over 45 years.**

Growing up as kids we had allsorts of animals, a cockeral, ferretts and a polecat. Tortoises, goldfish, a budgie and of course a cat. When it comes to animals I am just one big softy!

Once I had a home of my own, I got a kitten. Tinker was my lovely girl who lived until she was 19 years old. During that time Bilbo, a wild cat adopted us (there's a story to tell about that) He was totally black, totally adorable and devoted to me. Sadly he died after being with us for about 12 wonderful years and I still miss him today.

Bilbo hated the cat basket, so taking him to the vets was an epic task, so going on holiday became a 'no go zone' He would cry, dribble and mess himself. It would break my heart to the point where I just wouldn't go away.

So I truly know how stressful it can be for the cats and their owners when you have to change a cats routine.

All my friends know I love cats and although I don't have any of my own at the moment (I have chickens instead) they know they can ask me to help out with their fur babies when they go away for the weekend or on holiday. I even call in when they get delayed at work.

**So, if you are thinking of going away and have been wondering 'who will look after my cats?' I can help. Please give me a call to discuss your requirements and book a FREE meet and greet!**

ps. I am fully insured

*"Lucky Cat Sitters saved me! I was going into hospital for surgery and the house-sitter for my three cats let me down last moment. I contacted Julie who stepped in to save the day. I was able to relax knowing that my cats were being well looked after and had the peace of mind receiving Julie's text messages saying they were all OK each day. I would recommend Lucky Cat Sitters to anyone"*

## WHAT YOU SAY...

*"When I go away I always arrange for Lucky Cat Sitters to look after my cat Harry. As he is getting on in years he has the occasional "accident" indoors. Lucky Cat Sitters provide a professional service tidying the mess up and will give Harry extra cuddles which he loves. I highly recommend their services."*

*"Lucky Cat Sitters came to our rescue at short notice over the Christmas holidays. We had arranged to have our son's beautiful new acquisition Lionel, to stay for two weeks.*

*Lionel is an Australian Mist, a relatively new breed and rather precious, being only 16 weeks when he came to stay with us.*

*We were unexpectedly called away for a night and we were indeed very 'Lucky' to have Julie on hand to look after Lionel. A quick call followed by a get to know your client meeting with him beforehand and everything was sorted out.*

*We were completely relaxed leaving him in her care, knowing that she would not just feed him and go but give him some much needed play time and turn lights on and pull curtains too. It's so good to know that if the circumstances arose again we would know who to call."*

**FIONA AND LIONEL**

*"Lucky Cat Sitters is the only cat sitter I have used and I always receive a great service when I go away. Julie knows my little boy Milo very well, knows what he enjoys (and how cheeky he can be) and has developed a great relationship with him. For looking after your cats and trusting someone to look after your house when you're away, Lucky Cat Sitters give you full peace of mind. Thank you Julie for your care and attention as always. "*

## WHAT YOU SAY...

*"Having recently moved to the area, we were concerned that we didn't know anyone local to look in on Natal when we went on a short break. She's quite a skittish cat who doesn't take easily to strangers, and we needed reassurance that she would be well cared for in our absence.*

*We were referred to Lucky Cat Sitters by the local vet, and after a meet and greet meeting, we felt we could leave Natal in Julie's good care. Getting daily updates reassured us further and seeing Natal engaging in play sealed it for us - she seemed quite happy with her new play-mate! Julie even stepped in to save my outdoor plants from the unusually dry spell we had, which was an added bonus! We would recommend her service to all."*

**AMELDA, MARLISE & NATAL**

*"Julie is just amazing! She has gifted us with complete peace of mind when she looks after Curtis while we're away, he's settled, happy in his own home and loves Julie."*

**KAREN, PEARSE AND CURTIS**

*"We were very pleased with the quality of your services. We were impressed by the care and detail you took to gather information about Tommy. We greatly appreciated the regular communication from you about his welfare. We felt confident that, not only Tommy, but also our home was in safe hands during our absence. Most importantly, Tommy liked you and seemed happy and content upon our return. You are obviously very knowledgeable and have an understanding about cats. We would certainly recommend you to other cat owners."*

**TOMMY**

*"If you are looking for someone to look after your precious cat, you won't find anyone who loves animals more than Julie. I've only been in the area for a year and I have used Julie many times, she loves my cat and always stays to play with him as well as feeding him and giving him cuddles. My cat is also very happy in her company, which is really important to me."*

## WHAT YOU SAY...

*"We were lucky enough to find Julie not long after moving to Edenbridge. We saw an advert in the local Edenbridge magazine for 'Lucky Cat Sitters' and after speaking to Julie, she came to the house to meet the boys before we went away. The boys (Freddy and Billy) took an instant liking to Julie which put our minds at ease straight away. They adore Julie and respond to her just as they would to us and for anyone who has cats, you'll know that they can be very choosy about who they like and dislike! Julie sends morning and evening updates along with photos which is so reassuring. We wouldn't have anyone else looking after our boys now and would be lost without Julie to look after them. She really was a 'Lucky' find."*

**CLAIRE, MATT, FREDDY AND BILLY**

*"We found Julie after searching for the right cat sitter for two years. She visited beforehand to meet our cats. They're usually very wary, but took to her straightaway - giving us the confidence to go on holiday. Julie kept us reassured every day by sending photos and video clips so that we could relax. We wouldn't entrust our cats to anyone else."*

*"We have not used a professional cat sitter before and were quite anxious about doing so as one of our two cats is very timid.*

*As soon as we met Julie we knew she understood our fears. Having the messages every day was very reassuring and actually great fun too! Within two days we nick-named Julie 'The Cat Angel'. Need we say more? We have used her again now and will continue to do so. All four of us are very happy.*

*"Have used Lucky Cat Sitters several times over the last year to look after Millie and are delighted with the service provided by Julie. The regular updates are very reassuring. We have already made bookings for 2017!"*
